

Partner with Student Athletes of Atlanta as Your Recruiting Coordinators & College Liaison

Dear Coaches and Athletic Director,

I hope this message finds you well. My name is Quan Dumas, and I am reaching out on behalf of Student Athletes of Atlanta. We specialize in supporting high school programs by serving as Recruiting Coordinators and College Liaisons to ensure student-athletes maximize their opportunities at the next level.

Our team has extensive experience in athlete marketing, recruitment processes, and NCAA compliance navigation. By partnering with us, your program will receive:

- **Dedicated recruiting coordination** to build athlete profiles and communicate with college coaches
- **Guidance for families and athletes** on academic eligibility, NCAA registration, and recruitment timelines
- **Organized showcases and college contact opportunities** to increase exposure for your players

We would love to discuss how we can assist your program this upcoming school year to elevate your athletes' recruitment opportunities while allowing your coaching staff to focus on development and winning.

Please let me know if you would be available this week or next for a quick call to discuss your goals and how Student Athletes of Atlanta can serve your athletes and families effectively.

Thank you for all you do for your program and community. I look forward to connecting soon!

Best regards,

Quan Dumas
Director of Operations
